CROP OUTLOOK CAUSES DROP

Wheat Broke, but Cause Was Profit-Taking by Pro-

WEATHER CONDITION SERIOUS

Money Situation Continues Bad on Account of Great Requirements for New Capital.

NEW YORK, May 14.—Securities markets at all the great centres of capital were more or less depressed

wheat regions to-day indicated contingued temperature deficiencies, which made conditions unfavorable for seeding.

The money outlook is not considered clear, owing to the large prospective requirements for capital. Foreign discounts continued to harden to-day, but money rates here were inclined to ease from the recent firmness. This was from the recent firmness. This was partly due to the failure of confirmation of reports current yesterday that the Secretary of the Trensury planned an early withdrawal of an instalment of the government funds on deposit with the national banks. Some aftention was given to a decision yesterday by the Supreme Court which affirms the power of the Interstate Commerce Commission to prohibit an increase of freight rates by change of classification, a method much rolled on by the railroad companies for raising charges for traffic. Last prices showed no important recoveries from the low levels.

Bonds were heavy. Total sales par value, \$1,252,000. United States bonds were unchanged on call.

Total sales to-day, 519,500 shares.

NEW YORK, May 14.—Money on call steely, 2@23.4 por cent; ruiling rate, 21-22; closing bid, 2; offered at 2.

Time leans easier; sixty days, 4 per cent; six months, 4.3-4.65 per cent.

Close: Prime mercantile paper 51-22; sterling exchange firm, mith actual business in bankers bills, \$4,8320.94 \$4,875. Commercial bills, \$4,8320.94 \$4,875. December 10,620 \$1,957; middling uplands, 12,05; middling up

COTTON MARKETS.

New York May 14—To-day was the most active since the beginning of the buil movement, and prices reached a new high level for the movement with January selling about 11c, during the afternoon. The close \$825 prints. Scheen at a net advance of \$825 prints in the property was allowed at 10 prints in the property was allowed at 10 prints in the sponse to higher cables and unfavorable early weather reports. July sold at 10 prints in turn on the appearance of selling for a turn on the appearance of selling for a turn on the appearance of selling orders which were attributed to the big buil leaders. Offerings were heavy but prices sagged off only 4 or 5 points from the best, amiliater advanced again on the forecast calling for showers and lower temperatures generally present the best, and large advance and it was estimated that brokers working for the buil clique has disposed of something like 75,000 to 100,000 hales, but there was plenty of freeh buying and covering of shorts it absorb the offerings until near the close, when there was a feltit reaction. Predictions for smaller react

I made particular inquiries regarding nill commitments for goods, and the stock of cotton, in every town I visited, and what I am telling you, are unlisputed facts. "I don't believe the country can make 12,000,000 bales this season, and it is ound to be a late crop, and an insectorop. I guessed the last crop as 13,-100,000 early in the summer, and the previous crop at 11,000,000, and I do not think this one can be over 12,000,000 with average conditions from now one. For your information I will also state that only last week dry-goods men informed me that they cannot get shipments on new business before next becember, and on some lines they cannot get shipments at ail. I made these information was the same all over. I believe you are absolutely correct in your views of the market, and crop conditions, and am satisfied your judgment will be more than vindicated before the season is over." (Signed) THEODORE H. PRICE.	The Guard of the Commonwealth, Company C, Seventieth Regiment, last night had a company drill in the streets, parading along Broad Street and Tenth and other thoroughfares, and being drilled by First Lieutenant E. B. Loving. The command had about thirty-five men in line, wearing the khaki uniform. Captain Charles M. Wallace, commander of the company, has been absent on furlough for about six months, but is expected back to the city this week or early next week. The new full-dress uniforms of the officers of the Seventioth Regiment have arrived, and are very handsome indeed, being of the some quality and pattern in every respect as those of the regular army officers. It may be added that the officers must pay for them out of their own means. The epaulettes, which are a feature of the uniform coat, and the alguliettes are both very claborate and ornate and impart a richness to the costume that is very striking. The Blues band had a rehersal last night at the armory. The men are making fine progress, and the band will soon be one of the finest mill-

MARCH TO EXPO.

Captain Myers Reports That He Has Secured the Necessary Horses to Make the Trip.

GOVERNMENT LENDS WAGONS

Various Military Companies Working Hard to Get in Shape for Encampment.

Capt, W. M. Myers, of the Howitzers, reported last night that he had nearly reported last night that he had nearly secured sufficient horses for the march to Jamestown, which the Howitzer Battalion will make. The formation will take seventy-six horses, and the company propose to leave Richmond on June 7th, and be gone ten days. They will carry their own military stores and equipments, and camp in regular army fashion. The new sixty thousand dollar equipment will be used on this trip, and as the men will be in new service uniform, Captain Myers is satisfied that the showing made by the battery at Jamestown will be a most creditable one for Richmond, if only a sufficient number of serviceable horses can be secured.

Through the efforts of Captain John Lamb, General Humphreys, Quarter-

Financial.

TREASURY DEPARTMENT, OFFICE OF COMPTROLLER OF THE CURRENCY

Washington D. C., April 29, 1907. Whereas, by satisfactory evidence presented to the undersigned, it has been made to appear that the "NATIONAL STATE BANK OF RICH-MOND," in the City of Richmond, in the County of Henrico, and State of Virginia, has complied with all the previsions of the Statues of the United States, required to be compiled with before an association shall be authorized to commence the business of Banking;

Now therefore I, William B, Ridgely, Comptroller of the Currency, do hereby certify that the

"National State Bank of Richmond"

in the City of Richmond, in the County of Henrico, and State of Virginia, is authorized to commence the business of Banking as provided in section fifty-one hundred and sixty-nine of the Levised Statutes of the United States.

Conversion of The State Bank of Virginia, In testimony whereof witness my hand and seal of office this twenty-ninth day of April, 1907.

Banking Service That Meets Capital and Surplus Every Requirement

\$1,600,000.00

This Bank has achieved a reputation for constantly exerting everyeffort to meet the requirements of its depositors, irrespective of the extent Business men, professional men, wage-earners—persons in every walk of life—are invited to become its customers.
